Dr Desmond Croft FRCP

I used to work under Dr Croft in the Isotope Lab at St Thomas's in 1962. Receiving the Alumni gazette In Touch, I read about his death. He was a very non-assuming, quiet spoken and indeed a very nice individual. He was a great help to me at the start of my career. I would like to send my condolences to his wife and family.

Louis Vydelingum (26 April 2013)

Colonel Harry Cormack MC FRCS

If risking your life for others is in the best traditions of medicine then my father is surely a strong candidate for a place on the Wall of Honour. He was awarded the MC for rescuing wounded comrades at Neuve Chapelle in 1915.

Dr Ronald Cormack (26 September 2010)

Professor Linford Rees FRCPSYCH

Professor Linford Rees, prior to being appointed professor, was my first consultant in psychiatry. He was an exceptionally kind and caring man, and also a dedicated and inspirational teacher.

Dr Vivienne Cohen (19 March 2012)

Brendan Feeney MPSI

Well done Brem. Lots of love xx

Dr George Wadie A. Ahad DRCOG

Our sincere congratulations on your award of Wall of Honour.

John & Jane Habboush (20 October 2010)

A worthy acknowledgement for your contribution to medicine and patient care. Congratulations.

Michael (21 October 2010)

Congratulations on your induction to the Wall of Honour by the Royal Society of Medicine. It is a great honour to be recognised by your peers in this way. Your family and friends are very proud of you.

Fred (21 October 2010)

Congratulations on your award of Wall of Honour. We are very proud of you.

Rita Ahad & Adly (9 November 2010)

Congratulations, we will always be very proud of you.

Youssef & Sherif (9 November 2010)

Dr Masaaki Hatsumi PhD

This is a great honour for our Sensei. Thanks for all your teaching.

Francesco (26 October 2010)

Professor S.J. Holt DSC

My father Professor Stanley James Holt came from relatively humble origins and became a respected and lauded research scientist in biochemistry at London University. He showed great humility regarding his abilities and was modest and philosophical about his professional and other achievements. Being around him was always an effortless education. He was curious about and open to so many things that he was one of the most interesting people I have ever met. In 1993 he was awarded the prestigious Pearse Prize and Lectureship in Histochemistry. He is greatly missed.

Nicki Holt (21 October 2010)

Professor Colin Mainland Kirkness FRCOPHTH

Prof Kirkness has been a great Inspiration for the Ophthalmology Department at Mount Veron Hospital.
